## Your Invitation: Celebrating 50 Years Of Service

### Please Join Us September 8th!

The Community Mental Health Board of Clinton-Eaton-Ingham Counties was formed in 1964, initially as a federally funded community mental health center, serving Lansing.

The organization moved towards its current legal structure, when the Community Mental Health Board of Clinton-Eaton-Ingham Counties was created, under the authority of Public Act 54 and the Urban Cooperation Act. PA 54 was superseded in 1974 when the Michigan legislature enacted Public Act 258, the new Michigan Mental Health Code. This state legislation transferred greater levels of responsibility for mental health services from state to local government. In 2002, CMH was designated as the Community Mental Health Authority of Clinton-Eaton-Ingham Counties.

For more information on this event contact Judy Hazle at 517-346-8238.
