NAMI Family-to-Family Education Program

Class Curriculum Outline

CLASS 1: Introduction: Special features of the course; learning about the normative stages of our emotional reactions to the trauma of chronic (mental) illness; our belief system and principles; your goals for your family member with mental illness; Understanding illness symptoms as a “double-edged sword”.

CLASS 2: Schizophrenia, Major Depression, Mania, Schizoaffective Disorder: Diagnostic criteria; characteristic features of psychotic illnesses; questions and answers about getting through the critical periods in mental illness; keeping a Crisis File.

CLASS 3: Mood Disorders and Anxiety Disorders: Types and sub-types of Depression and Bipolar Disorder; causes of mood disorders; diagnostic criteria for Panic Disorder and Obsessive-Compulsive Disorder, Post Traumatic Stress Disorder; Telling Our Stories.

CLASS 4: Basics About the Brain: Functions of key brain areas; research functional and structural brain abnormalities in the major mental illnesses; chemical messengers in the brain; genetic research; infectious and developmental “second hits” which may cause mental illness; the biology of recovery; NAMI Science and Treatment video.

CLASS 5: Problem-Solving Skills Workshop: How to define a problem; sharing our problem statements; solving the problem; setting limits.

CLASS 6: Medication Review: How medications work; basic psychopharmacology of the mood disorders, anxiety disorders and schizophrenia; medication side effects; key treatment issues; Stages of adherence to medications; early warning signs of relapse.

CLASS 7: Inside Mental Illness: Understanding the subjective experience of coping with a brain disorder; problems in maintaining self-esteem and positive identity; gaining empathy for the psychological struggle to protect ones’ integrity in mental illness.

CLASS 8: Communication Skills Workshop: How illness interferes with the capacity to communicate; learning to be clear; how to respond when the topic is loaded; talking to the person behind the symptoms of mental illness.

CLASS 9: Self-Care: Learning about family burden; sharing in relative groups; handling negative feelings of anger, entrapments, guilt and grief; how to balance our lives.

CLASS 10: The Vision and Potential of Recovery: Learning about key principles of rehabilitation and model programs of community support; a first-person account of recovery.

CLASS 11 & 12: Advocacy: Challenging the power of stigma in our lives; learning how to change the system; the NAMI Campaign to End Discrimination; meet a NAMI advocate. **Review, Sharing, and Evaluation:** Certification Ceremony; Party!
